VOTE JOSEPH CHAN CAREERS REPRESENTATIVE

This year as the First Years Careers Representative, I've had the privilege of organising and hosting the Blackstone 'Speed Interview' event which allowed students an opportunity to practise their interview skills with firm representatives. I have assisted with organising the flagship Careers Fair as well as contributing to regular posts on the Blackstone Opportunities page. COVID-19 has affected our abilities as law students to seek work experience, clerkship and graduate positions, next year I will continue to ensure that UWA Law students are supported in their search for opportunities, to be competitive in a tough economic climate, and to be well equipped in their search for clerkships and graduate roles. I believe that I have the experience to be an effective member on your careers team and I hope that you do too!

So, I'm running for Careers Representative....

Rocks the corporate look

Highly skilled in the art of conversation
